

# TOWN AND COUNTRY -Version 2.0-

*Patented frame design and controller technology*

### E-bike Build

Frame system	Steel frame, phosphate-dipped and gloss painted for enhanced durability and corrosion resistance
Suspension /wheel	Front spring suspension and bearing hubs for improved ride comfort. 27.5 x 2.4" nylon tires and tubes for reliable traction.
Brake system	Equipped with front and rear mechanically activated e-bike brakes with metal-impregnated pads for long-lasting, effective braking. Brakes feature a power cutoff for added safety
Drive system	Single-speed, standard chain drive system with a 48-tooth crank and alloy pedals.

### E-Traction system

Motor	E-Traction system featuring the DMT250HD 250W hub drive motor delivering 36Nm of torque.
HMI	Color LCD display shows battery level, speed, odometer, trip meter, and error messages
<b>Additional Features</b>	Call-on throttle for safety and cruise mode for a relaxed, extended ride. • Front and rear LED lights for enhanced visibility and safety.
<b>Energy System</b>	9.5Ah Li-ion battery for dependable power.

### PERFORMANCE

**Torque** : 36Nm @ 100 RPM and Peak power of 300 W  
**Speed** : 25 Km/H  
**Range** :

- On throttle 35Km
- On pedal assist 50 Km

Excessive weight (over 80 kg), hilly terrain, headwinds, and low tire pressure can all reduce the vehicle's range.

### WARRANTY

**Frame** : 5 years :  
**Motor** : 2 years : 2  
**Battery** : years : 1  
**Controller** : year : 6  
**HMI** : Months

Mechanical parts : 6 Months  
 Warranty exclusions: Wearable parts , corrosion
